WD Scorpio® Blue™ Mobile Hard Drives

Big capacity for portable computing

Interface

SATA or PATA

Capacities

80 GB to 1 TB

Model Numbers

PATA Drives SATA Drives WD10TEVT WD3200BEVE WD7500KEVT WD2500BEVE WD5000BEVT WD1600BEVE WD4000BEVT WD1200BEVE WD3200BEVT WD800BEVE WD2500BEVT WD1600BEVT WD1200BEVT WD800BEVT WD1600BEVS WD800BEVS

Note: Not all products may be available in all regions of the world.

With available SATA or PATA interfaces, WD Scorpio Blue drives offer high-performance, low power consumption, and cool operation, perfect for notebooks and other portable devices. Pick the drive that suits your needs with the confidence in knowing that all WD Scorpio Blue drives are built to the highest standards of quality and reliability.

Product Features

Massive capacity – A slight increase in overall drive height has driven storage capacity for 2.5-inch form factor drives upwards to a realm once thought to be impossible—1 TB for mobile storage.* Whether they are in an external drive or a notebook computer, WD Scorpio Blue SATA drives continue to offer the highest capacity for space-hungry operating systems, like Window Vista®, with plenty of room left over for photos, music, and video.

Quiet – In a notebook drive, silence is golden. WD's exclusive WhisperDrive™ combines state-of-the-art seeking algorithms to yield one of the quietest 2.5-inch hard drives on the market. These algorithms also optimize the way a drive seeks for data, which significantly improves power consumption. So now silence (and longer battery life) is golden.

Reliable and rugged – WD's ShockGuard™ technology protects the drive mechanics and platter surfaces from shocks. WD's SecurePark™ parks the recording heads off the disk surface during spin up, spin down, and when the drive is off. This ensures the recording head never touches the disk surface resulting in improved long term reliability due to less head wear, and improved non-operational shock tolerance.

Fast and efficient – Ultra-fast 3 Gb/s SATA interface speed yields performance fit for demanding mobile applications.

Tested for compatibility – We perform tests on hundreds of systems and a multitude of platforms in our FIT Lab™ and Mobile Compatibility Lab to give our customers confidence that our drives will work in their systems.

* 750 GB and 1 TB models are 12.5 mm high and may not be compatible with all notebook systems. Consult system specifications for maximum allowable drive height before attempting to install.

WD Scorpio Blue is part of WD's complete lineup of mobile hard drives.

WD Scorpio® Black™

Desktop-class performance for notebook computers.

WD Scorpio[®] Blue[™]

Big capacity for portable computing.

³WD complies with the Restriction of Hazardous Substances (RoHS) Directive 2002/95/EC of the European Parliament, which is effective in the EU beginning July 1, 2006. RoHS aims to protect human health and the environment by restricting the use of certain hazardous substances in new equipment, and consists of restrictions on lead, mercury, cadmium, and other substances.

⁴Buffer to disk transfer rate for MT333M drives.

⁵Maximum burst rate running the specified PIO, DMA, or Ultra ATA transfer mode.

⁶Controlled unload at ambient condition.

⁷The term of the limited warranty may vary by region. Visit support.wdc.com/warranty for details.

⁸Buffer to disk transfer rate for ML160M WDxxxxBEVE drives.
